

CALIFORNIA AVENUE HOME BRINGS \$7,750

Last One in Row Is Sold
Through Thomas J.
Fisher & Co.

FOURTEENTH STREET REALTY DISPOSED OF

John M. Henderson Will Build
Three \$11,000 Houses on
Delmont Street.

The last of the eight brick residences built by John M. Henderson on California avenue, near Kalamazoo road, has been sold by Thomas J. Fisher & Co. to Rexford M. Smith for \$7,750. It is located at 1308 California avenue and has a frontage of 16½ feet. The W. H. Walker Company represented the purchaser.

Construction of three residences on Delmont street, near Columbia road, will be commenced within a few days for Mr. Henderson, who will put them on the market through Thomas J. Fisher & Co. These houses are to cost \$11,000 each and will have 20-foot frontages.

Shannon & Luchs report the sale of the three-story brick residence at 3435 Fourteenth street northwest to Miss Laura French, who will occupy the property as her home. It contains nine rooms and two baths and is modern in every particular. The transaction was made through the office of Harry A. Wagstaff. The purchase price was \$7,500.

CITIZENS COMPLAIN OF ASH COLLECTION

Complaint of the ash and collection service was made at a meeting of the North Capitol and Eckington Citizens' Association in St. Martin's Hall last night. H. E. Blau declared that the ashes had not been removed from his home in two weeks. Dr. J. C. Tappan read a letter from Commissioner West in which he said that prompt investigation would be made of all complaints of the noncollection of ashes and refuse. A resolution recommending the purchase of adjacent property to the playgrounds of the Emery and Eckington school buildings was referred to the school committee.

The progress made in street improvements in Eckington was discussed in a report submitted by H. E. Blau, chairman of the committee on streets, sidewalks, and lights.

COMMITTEE BERTHS PLEASING TO WEST

Excepting to La Follette,
Eastern Senators Are
Very Generous.

In the distribution of committee assignments among the Senators, the West gets a measure of recognition which nobody dreamed would go to it, and a good deal of the responsibility is placed upon the agitation of Senators La Follette and Burkett. Contrary to all expectation, the powers of the chamber decided to recognize the protest which these two Senators had voiced against the alleged usurpation of power by the Eastern and older Senators.

Mr. Burkett benefits by the reorganization of things in a decided fashion. He has better assignments than ever before, but it can't be said that as much is true of La Follette. While they were willing to placate other people with grievances, the Senatorial elders were not ready to make any concession at all to Mr. La Follette.

The Committee on Committees, which made the assignments, consisted of six men from west of the Missouri, and three from east of it. That was startling and unprecedented, and presaged the thing which happened—a larger recognition of the West in the better committees. The three Eastern men were Aldrich, Kean, and Crane. Those from the West were McCumber of North Dakota, Curtis of Kansas, Dixon of Montana, Borah of Idaho, Sutherland of Utah, and Flint of California.

Senators Aldrich and Hale are credited with leadership in this effort to placate the opposition to their rule. Mr. Hale named the Committee on Committees, in his capacity as chairman of the Republican caucus. He gave assurances in advance of the caucus—a fact which has only now become public—that if he were allowed to name the committee he would give the West a majority of the members. Everybody supposed he would divide the committee five to four, instead he did still better and made it six to three in favor of the West.

SUITS FOR EASTER

You've never seen more style or real worth exhibited than in these

SPRING SUITS at \$29.75

They are right up to the second in style points. Just arrived. Show snap and character. Let us tell you about some of the Suits shown at \$29.75.

A particularly Nobby Suit is made of French serge, with semi-fitted coats cut 37 inches long, and with eleven tucks ½-in. size in back to form empire effect; front tucked to match and fastened with three large buttons, lined with striped taffeta silk. The skirts are in plain gored style. Choice of the leading spring styles.

If these Suits are not exactly what you want in a Spring Suit we have other styles to show you.

Choice of materials, such as satin striped prunellas, gray homespun suitings, shepherd checks, white serge and several other fabrics. All the coats are semi-fitted and are in plain or trimmed styles.

More than 50 different styles of Suits in spring styles to sell at, choice, \$29.75.

One-fourth less than actual worth---

\$24.75 FINE TAILORED SUITS choice--\$18.00

What you save—and it is a real saving—will buy you an Easter hat, or some other article of wearing apparel to make your Easter costume complete.

The suits are very handsome indeed for such a price, and are in a goodly variety of styles; the coats are mostly 36 to 40-inch lengths, semi-fitting, and in both plain and trimmed models. The skirts incline more this spring to the gored effects, as are shown in these suits, and the trimming is mostly of buttons.

Made up from a good range of the new wanted wool fabrics, such as stripes, in black and white effects, and checks, also in black and white combinations; then there are fancy serges and plain serges, worsteds, satin striped prunellas, and many white serge suits in the lot.

The new colors are very attractive, such as apricot, taupe, sage, grays, and the staple dark blues, tans, black, and others not mentioned.

We might spend columns telling about these suits, and we could not be half so convincing as the suits themselves will be to you when you have tried on a few of them.

Another thing you can tell far better about the lines of a suit, which cut will be most becoming, as well as which color, when you try them on. Some of these new shades may be unexpectedly becoming to your style of coloring. Just come and see.

IF IT'S WORK FOR A WANT AD— LET A WANT AD DO IT!

For most of your life you have been trying to do a want ad's work—instead of letting the want ad do it.

You have been doing, or trying to do, at much expense of time, money, and nerves, things which the want ads do easily, readily, quickly.

Perhaps you tried to sell property—to rent it—to find work or workers—to obtain some particular thing—trying to do things which the want ads are in business to do.

You have "adopted" the telephone, the phonograph, the other aids to pleasure and convenience in modern life—SO WHY NOT "ADOPT" THE WANT AD, and make it do the part of the day's work, which is "WANT AD WORK?"
